Really enjoyed a lovely weekend at the Indy Show. After having a delayed flight of 5 hours, arrived later than expected at the Hotel. Glad to meet my judge colleague already and we enjoyed a lovely dinner. Many thanks to the committee who took such good care of us over the whole weekend.

Thanks to all the exhibitors who showed their dogs to me who were in such excellent condition and well trained. This should be the example for exhibitors in other countries. Nearly all dogs were very clean and well groomed. Today I found the bitches stronger than the males – no surprise, as I have seen this quite often when I judge. It is most important for a breeding program to have beautiful, sound and healthy girls for the future.

Like always, I found the highest quality in the Blenheims, followed by Tricolours. Would have loved to take some back home. Today quite disappointed in the whole colour quality. Body and movement need to get improved.

A perfect toy spaniel just right for his age, not too overdone, nor too little compared to the standard, showing a lot of promise, I'm sure he

will have a bright future. He is the boy I would love to see in my house, happy to see that I gave his sire in Australia BIS two years ago.
