**Desi Murphy, US**

I would like to thank the Club, the exhibitors, breeders and all the Cavaliers for making my assignment so enjoyable and memorable. I have had an interest in Cavaliers long before the AKC recognized the breed. Many, many years ago I attended some Club shows.

I judged the Dog classes at the first AKC National. As I remember most of the class winners were imports. I have seen tremendous progression of the American Breeders. Being that I do not get to judge Specialty Shows, this opportunity gave me great insight to the level of quality being produced today. I believe the main winners could probably compete anywhere in the World today.

Not being a breeder judge, I am sure my priorities are slightly different than the breeder judges. I look at the breed as a small flushing Spaniel, so I put great emphasis on the outline moving around the ring. I think the charm and carriage are so much part of breed type. I was especially pleased with the temperaments and nearly all were of proper size. Hopefully my priorities as an outsider give some value.
