

Cavaliers of the West

01/19/13, Carmel, CA

Judge: Alix Jauffret (Passeriphane)

First of all, I would like to thank the committee of the Cavaliers Of The West for inviting me to judge at Carmel Winter Specialty on Saturday 19th of January. I would also like to thank the exhibitors for allowing me the opportunity to appraise their Cavaliers...I was expecting a lot and was delighted with the high quality of the dogs. I feel very impressed...as almost all the dogs I had the honor to judge had beautiful and large dark eyes and this so special and sweet expression, typical of the breed. All of them, but two, had this friendly and happy temperament we are looking for. The two I am talking about were a little reserved today but I'm sure they will improve in the future as they are at the beginning of their show career. I was really interested and quite impressed with the American Bred and Junior American Bred classes as these classes confirmed the high quality of American dogs. As I wrote critiques for all dogs, as it is the way in France, I was asked to send all of them...Please consider that the very few bad points mentioned are told as to be a help for breeding: as we say, "never double the bad point when mating"... As English is not my mother tongue, I hope you will understand my critiques. Patrice and I were so wonderfully looked after and feel very thankful. We were already America lovers because of the beautifulness of the country and the kindness of people, now it will be also because of your Cavaliers. Keep on doing well, it was lovely meeting you all, looking forward to seeing you again soon.
