CAVALIERS OF THE SOUTH MAY/13/2017, ATLANTA, GA RACHEL VENIER, ORCHARD HILL CAVALIERS USA

Thank you to the Cavaliers of the South for inviting me to judge the April 2017 annual show in Atlanta, Georgia. A great deal of effort goes into a specialty show. I truly appreciate the club members' many hours before, during, and after to give us a seamless and enjoyable experience. Thanks to every COS member who stewarded on Saturday. Stewarding is tiring work and splits your attention between show mechanics and show presentation. The stewards I worked with maintained a pleasant demeanor and kept the show running smoothly all day. Thanks to COS for taking care of me throughout the weekend, including getting me a cake for my birthday judging assignment! And finally, thanks especially to the exhibitors. I have always been impressed with the sporting attitude of exhibitors at CKCSC, USA, shows, and this weekend was no different. Every exhibit was in show condition and the entry had depth of quality.

I started in Cavaliers over 20 years ago and I care deeply about maintaining the breed's type and soundness, both physical and mental. Throughout the day, I was looking for a moderate dog with gentle Cavalier expression, classic outline, in balance with himself, and of one piece both standing and moving. I was also looking for a dog exhibiting classic Cavalier character. Cavaliers are always to be "fearless and sporting . . . gentle and affectionate." I was very happy with the dogs rewarded this day. They are a credit to their breeders and owners, and to the dogs behind them.

I was so happy to see this girl today. With her overall balance, clean sillouette, and elegant correct movement, she took my eye immediately and held it. She was a very pleasing dog to examine. Classic head with slight fill beneath her dark round eyes, ears set high but not close, framing her face and beautiful big dark eyes. Elegant arched neck leading to a very good front assembly. Balanced front and rear with a deep forechest, tight elbows, good spring of rib, strong topline and short loin. She moved with exceptional reach and drive, her tail carried right off her back. Presented in top condition physically and mentally. It was a pleasure to watch her working in harmony with her handler, gliding around the ring on a loose lead and free baiting four square at all times. After the show I learned that she is a litter sibling to today's RWD, RBIS, and that her win today made her up. She is well deserving of the title. *WINNERS BITCH, BEST OF OPPOSITE SEX*
