

**CKCSC NATIONAL SPECIALTY
10/7/22, WESTLAKE, OH
RAY PATERSON, CABROOK CAVALIERS, AUS**

I would like to thank the CKCS Club of USA for inviting me to judge at this highly prestigious show, due to Covid it has been a few years in the making. Well done to Holly and her team for putting on a spectacular four days of showing. I particularly liked the head shots on the banners of all the previous National winners in the corridor leading to the venue. The venue was excellent and my stewards and committee did a fabulous job.

It's six years since I last judged in the US and it was interesting for me to compare the dogs from then to now. Breed type is still very good and size has definitely come down. There is definitely a lot of emphasis on grooming and presentation, which is good, but we need to put the Same amount of emphasis on hind movement. To many dogs with lack of muscle tone and drive. Shuffling type movement, let's see the pads on the dogs feet as they move away. All my main winners had great breed type and excellent movement.
